MEMORANDUM FOR: Deputy Director for Administration

VIA: Director of Information Technology
Chief, Systems Engineering Group, OIT
Chief, Operating Systems Division, SEG/OITFROM:
Operating Systems Division, SEG/OITSUBJECT: Speaking at the SHARE 65.5 Conference 1. I request permission to appear before a non-Government group as provided for in

2. When approved, I will speak in a panel discussion at the SHARE 65.5 Conference in Salt Lake City, Utah, during the week of 10 November. I will be attending the conference as a representative of the Agency. The audience is expected to be comprised of up to 125 people from the United States and Canada representing organizations running large IBM computers. The meeting will be held at the Snowbird Resort; the risk to employee safety is minimal. Members of the press are barred from attending sessions at this conference.

3. None of the material to be discussed is classified or controversial. The presentation will be:

3090 User Experience. Participants in the early support program for the new IBM 3090 processor will describe their experience with the system. The other speaker will be from the IBM corporation.

As the project leader responsible for the software component of the 3090 early support program at the Agency, I am qualified to give the presentation. My remarks will be extemporaneous. An outline is attached. The Agency runs one of the largest VM computer systems in the world. It is through the visibility we enjoy in organizations such as SHARE that we are able to attract skilled computer scientists to the Agency, as well as to influence the decisions of the computer vendors upon whom we are dependent.

4. I am not under cover and will be identified as an Agency employee.

/signed/
